## Floods, Wildfires, Tornadoes, Winter Storms, Hurricanes...What Concerns You?

Do you have ideas for helping our community become better more resilient for future natural disasters?

You are invited to come share your thoughts and concerns about your community’s resiliency against natural disasters and leave your comments for the decision-making process.

### About the Tar River Regional Hazard Mitigation Plan

The counties of Franklin, Granville, Vance, and Warren, in coordination with their participating municipal jurisdictions, are updating a regional hazard mitigation plan that covers the four-county Tar River area. The Tar River Regional Hazard Mitigation Plan identifies local policies and actions for reducing risk and future losses from natural hazards such as floods, severe storms, wildfires, and winter weather.
