DURING PUBLIC COMMENTS, TWO SPOKE ABOUT EQUAL ACCESS AT THE GRANVILLE ATHLETIC PARK FOR BASKETBALL

Michael Muhammed, P.O. Box 593, Oxford, NC, stated that he is a representative

for the Granville County NAACP and local organizing committee and spoke on recreational

disparity and equal access at the Granville Athletic Park (GAP). He referred to an inquiry he sent to County Manager Michael Felts about public parks and access to recreation. He said the arrangements of the basketball goals at the GAP do not include an inclusive environment as extra measures must be taken to utilize the basketball goals. The goals are attached to the canopy at the sports pavilion, so you have to call to get the goals pulled down and have to compete with other events that are held there. He said soccer, baseball and tennis are more easily accessible. He said this is a culturally sensitive matter and believes that the basketball goals should be in a stand-alone area. He asked for a written response to these concerns.

Scotty Brooks, 104 Smith Street, Oxford, NC, stated that he is the captain of the FIST group (Fighting Inequity Standing Together) and also spoke about basketball goals at the GAP. He said that he and Harry Mills shot basketball in front of his house growing up. He said there used to be neighborhood basketball goals everywhere, but there aren't any today except at Hicks court on Belle Street in Oxford. He said the GAP is great if you own a car, but if you do not have a car, it is hard to access. He said to do the most for the least of us and provide equal access for everyone at the park facilities. He suggested building a basketball court with four goals at the GAP in a stand-alone area for those of all economic levels.

PRESENTATION BY ANIMAL CONTROL

Matt Katz, Animal Services Director, gave a presentation on Animal Control service expansion items and operations. Mr. Katz reported that they have been at the new facility just over a year and spoke from a handout with the following information:

2021 Animal Shelter Numbers

- 1663 animal in
- 1539 animals out
- 204 (13.2%) animals adopted
- 110 (7%) euthanized
- 748 (49%) animals pulled by rescue organizations
- 303 (20%) cats trapped, neutered/spayed, vaccinated and released back to community cat caregiver
- 162 (11%) animals returned to owners

2021 Animal Control Numbers

- 1778 calls for service

We have been operating in the new Granville County Animal Shelter for a year. We have a need for more staff to operate the animal shelter and maintain our level of service for animal complaints. We are asking for 2 Animal Control Officers and Granville County Sheriff Deputy Animal Control Liaison. The ACOs can fill in for shelter attendants when needed and run animal control calls for service and complaints. The Sheriff Deputy Liaison position will greatly increase Animal Control's ability to enforce dangerous dog, animal cruelty, and support the other local Law Enforcement Agency's request for animal related issues.

Mr. Katz explained that Animal Control Officers cannot do certain things as they are not sworn officers. He said that it is his belief that adding a sworn officer to his department will bring a level of professionalism and will allow his department to operate more efficiently.

Mr. Katz then took questions and heard comments from Board members. When asked, Mr. Katz said that the shelter is open six days a week and they are considering closing on Mondays to the public and open Tuesday – Saturday to the public. He noted that they would still be there on Mondays to clean and run calls.

County Manager Felts said that the Board would be hearing an update from the Sheriff's Office at the next meeting and after that evaluate the request from Mr. Katz.

Chair Hinman thanked Mr. Katz and his staff for their hard work and dedication.
